THE TWELVE DAYS OF CHRISTMAS ACTIVITY SHEET

1. On the back of this sheet, match the cost of each item to the corresponding position in the tree. Find the total cost to purchase the item that day. Put these amounts in the spaces provided.
2. Next, find the total cost of all the items. Put this amount in the space provided.
3. Now, find the total cost with a 7.25% sales tax added to the order. Put this amount in the space provided.
4. Now, find the total cost of each item with the 7.25% sales tax:

1. partridge in a pear tree: _____

7. swans-a-swimming: _____

2. turtle doves: _____

8. maids-a-milking: _____

3. French hens: _____

9. ladies waiting: _____

4. turtle doves: _____

10. lords-a-leaping: _____

5. golden rings: _____

11. pipers piping: _____

6. geese-a-laying: _____

12. drummers drumming: _____

5. Add these amounts and see if it matches the number you got for #3. If it does not exactly match, why do you think this occurred?
6. Find the total cost of all items according to the song (repeating the gifts each day):
 - a. without tax:
 - b. with tax
